

Brave Little Bears Journey

**Once upon a time in the Great Big Forest...
There was a bear called Brave Little Bear.
Brave Little Bear had a very big kind heart and
the softest paws in the whole forest.**

When Brave Little Bear was a little cub his first den was loud and scary. The Big Bears spent too much time growling at each other that they forgot to feed and play with him.

The other animals in the forest had told Goldilocks that they were very worried about Brave Little Bear. One day Goldilocks went to check on Brave Little Bear. She saw that the Big Bears were growling at each other so much she was worried that Brave Little Bear would get hurt too.

Brave Little Bear needed just the right Bears to look after him. These were the Cosy Cave Bears. They had looked after lots of other baby bears for Goldilocks. She knew that they would take good care of Brave Little Bear.

The Cosy Cave Bears wrapped Brave Little Bear in their gentle paws. They gave him yummy honey for breakfast and taught him bear songs. They soothed him when his feelings became as big as thunderclouds.

Goldilocks plan was that Brave Little Bear would stay with the Cosy Cave Bears for a short while. Brave Little Bear grew bigger and stronger. He learnt how to count the bees buzzing round the cave and clean his teeth so they were nice and sharp. Goldilocks told Brave Little Bear that this cave wasn't his growing up cave.

One morning Goldilocks said:
“Brave Little Bear, it’s nearly time to meet the
bear who wants to be your growing up bear.”
Brave Little Bear felt *lots* of feelings—
excitement, worry, hope, and maybe a bit of
scared too. That was okay.

‘Big moves make big feelings’ said the Cosy
Cave Bears to Brave Little Bear.

**Its nearly time to meet
your growing up bear
family.**

**Its time for your
next big step
Brave Little
Bear.**

Brave Little Bear knows that everyone will help him. And that they are right by his side.

THE END ... for now.
