

Little Dog's story.

Little Dog had moved to live on a farm with sheep dogs Meg and Monty.
They are his new Mummy and Daddy.

Mummy and Daddy loved having Little Dog living with them.

And Little Dog loved spending time at home on the farm with his Mummy and Daddy.

But Little Dog hadn't always lived on the farm with Mummy and Daddy. He used to live with Lassie and Pup.

Little Dog missed Lassie and pup and hoped that they were ok.

One day Mummy and Daddy were getting lunch ready for Little Dog.

Little Dog became so upset as they had given him dried dog food. Lassie used to always give him warm, wet, mushy dog food. This was his favourite way to have his food. Little Dog howled and howled.

Mummy and Daddy could see how this upset Little Dog. So, they spoke with Lassie and made sure they had the right dog food in for lunch the next day. They didn't mean to give him the wrong dog food.

Mummy and Daddy loved Little Dog very much and wanted to look after him, so he was a happy little dog.

Mummy and Daddy stayed in touch
with Lassie.

They learnt from Lassie all about how
Little dog liked his bed to be plumped
up, so it was all soft and comfy.
And that he liked his tail to be brushed
so it was all swishy.

Little Dog grew bigger and bigger.

Little Dog wasn't so little anymore! He
loved his soft, comfy bed and his
swishy tail.

Little Dog loved living with Mummy and Daddy, but he still did not understand why he had to leave Lassie and Pup.

The Wise Owl on the farm explained to Little Dog that Lassie was looking after him until the right Mummy and Daddy were found for him. And they had found Mummy and Daddy.

Little Dog was going to live with Mummy and Daddy until he was all grown up. They were going to be his Mummy and Daddy. Lassie is looking after Pup until the right Mummy and Daddy for her are found.

Little Dog still missed Lassie and Pup so when Mummy and Daddy were having a party on the farm, they invited them over.

Little Dog was so excited!

The day of the party had arrived. Lassie arrived on the farm. She was not with Pup. Lassie explained she had found her growing up home and she had moved to live with her Mummy and Daddy just like Little Dog did.

Little Dog was very happy for Pup.

Lassie was so happy to see how big and strong Little Dog had become. She noticed how his tail was looking beautiful, well brushed and swishy. Little Dog looked very happy.

Lassie explained she will visit him again in the future, but she knows he is happy on the farm with his Mummy and Daddy.

The End ... for now.
